HOC SIGNO FORTUNA.

BALTIMORE, THURSDAY, November 8, 1821.

The Prize Divided.

The 22d drawing of the Grand STATE LOTTERY, took place yesterday afternoon agreeably to notice. No. 2184, was the first drawn, and is entitled to TWENTY THOUSAND DOLLARS. This brilliant capital was divided in Shares, viz. *One Half, One Quarter, and Two Eighths*. The Cash is ready at COHEN'S OFFICE for the fortunate owners of this splendid gift of Fortune. *This Capital* being owned in this city, we anticipate the pleasure of distributing the FORTY THOUSAND DOLLAR PRIZE to some of our friends in the Country, and we should be pleased should it also be held in shares. The amount being large, will allow an handsome division.

The great Capital still remains.

Twenty two drawings of the Grand STATE LOTTERY, are now over, and only eight remain to complete it, having progressed with an unexampled rapidity, in consequence of the great patronage of the public in the purchase of the tickets—Very few now remain unsold, and the price will be considerably advanced, before the drawing of the great Capital prize of FORTY THOUSAND DOLLARS, which will be awarded to the first Number on the 28th day agreeably to the scheme.

ORDERS should be forwarded without delay in order to secure chances at the present rate of *Twelve dollars*.

The Next Lottery.

On the fourth page of this day's Register will be found the scheme of the fifth class of the WASHINGTON MONUMENT LOTTERY. In presenting which, the Managers rely with much confidence, on the support of their fellow citizens; the object of the lottery, alone, is sufficient to elicit the patronage of the American people, independent of the merits of the scheme in a pecuniary point of view.

The Tickets and Shares are now preparing, and as soon as ready, notice will be given. Applications in the meantime can be addressed to

J. I. COHEN, Jr.

Secretary to the Managers—Baltimore

Notes of the banks in the District of Columbia, (excepting the Central Bank of Georgetown) are now received on deposit at several of the Banks in this City. We therefore place them *at par* in our Exchange list on the third page. Our correspondents will also notice some alterations in the rates of Southern paper this week.

FLEET OF PIRATES CAPTURED.

The captain of the schooner George Washington, arrived on Tuesday from Havana, which she left on the 24th of October, informs us that the day previously to his sailing, the English ship Lucies, of London, arrived at Havana. This ship was recaptured from the pirates by the United States' ship Enterprize, and brought intelligence that the Enterprize had captured four piratical schooners and one sloop off Cape Antonio, and had manned and ordered them to Charleston.

JOHN ANDREWS, Esq. has been appointed assistant cashier of the Bank of the United States, in the place of James Houston, Esq. deceased.

The Supreme Court of Ohio, at their late session in Trumbull County, decided that the law for the stay of execution and judgment before a justice of the peace is constitutional, inasmuch as it does not invalidate the contract, though it deprive the party of the power of enforcing it; that it is to say, a man may have a legal right, without legal means of establishing it.

IMPORTANT FROM SOUTH AMERICA.

Fall of Lima.—From all quarters, we are now receiving important and cheering accounts of the progress of liberty in the vast regions of South America. Lima, as to the fall of which much tenacity of opinion, in opposition to fact, has prevailed, is now officially announced to be in possession of the Patriot army under Cochrane and San Martin.—The particulars of this interesting capture, and also of the taking possession of the port of Callao, by capitulation, which reached this place on Saturday, will be given in our next. They were brought by Capt. Hilliard, of the brig American, from Montevideo, which place he left on the 17th September; about 14 days previous to which an English vessel had arrived from Guayaquil, bringing the important intelligence. Great rejoicings had taken place at Buenos Ayres in consequence of this event.

From St. Augustine.—The sickness in St. Augustine, (says the Savannah Georgian of 28th ult.) appears to have increased since our last accounts, and a number of deaths occur daily. That portion of the population, having in their power to do so, have removed. Mr. RICHARD W. EDES, Editor of the Florida Gazette, died on the 15th inst. of a malignant fever, after an illness of five days. Mr. E. was a native of Bangor, (Maine,) but had for some time previous to his removal to St. Augustine, resided in the city of Savannah.

From the Columbia, (S. C.) Telescope.

The cotton crop in this State and in the State of Georgia, will fall greatly short of its annual product. The most sanguine planters do not calculate on more than half a crop, and many will make but two bales where they expected five. It is some consolation, in the midst of this failure, to learn, that the foreign market has experienced some improvement, and if our crops are short we shall obtain a liberal price for them.

The Charleston Gazette, in announcing the arrival of the Steam Ship in four days from New York, observes, "She carries a formidable armament, and has a engine to throw hot water upon all assailants, so as either to *drown* or *boil* the enemies of American commerce and intercourse between the people."

Manner of detection of the late Mail Robbery, in North Carolina.

Several packages having miscarried between Petersburg, Vir and Raleigh, N. C. Mr. Shore, the postmaster at the former town, with the approbation of the postmaster at the latter, enclosed eight or ten pieces of silk paper, the size of a Bank note, together with a two dollar North Carolina Note, in a letter addressed to merchants at Raleigh, and mailed it with letters for Warrenton and failed: the second attempt was made at Louisburgh, N. C. and succeeded. The letter was sent on the 8th ult. and on the 17th Mr. S. went to Louisburgh, and demanded the way-bill, which was produced; and from the account of letters sent, the postage to Raleigh, was only 20 cents. Mr. Haswell the deputy postmaster endeavoured to account for this by al-

ledging that he had sent the letter down to Hillsborough, N. C.; but Mr. S. not satisfied with the excuse, commenced an examination of his trunks, in which he found a number of letters with the seals torn off, and Bank notes which had every appearance of having been mailed. Mr. H. was arrested in Fayetteville by Lark Fox, Esq. Mail Contractor, and John M' Rae, Post Master at Fayetteville, who, says a North Carolina paper, may truly be said to be a terror to all mail robbers, as he has arrested four or five in the course of a few years.

EXTRAORDINARY SWIMMING.

Mr. James Graham, a gentleman belonging to the garrison of Gibraltar, undertook, on the 8th of August, to swim from Waterport wharf to Algesiras, and to the astonishment of every body, reached to within musket shot of that town, in the space of four hours and a quarter, when he got into one of the boats by which he was followed, complaining of nothing but excessive thirst. The distance in a straight line is about five miles and a half; but as Mr. Graham was forced out of it by the current almost every time that he lost sight of the house he was steering to by swimming on his back, it is supposed that he may have swam altogether about 8 miles. The feats of Leander, and of a noble poet of the present day, are boy's play to this.

From Degrand's Boston Sale Report.

FLOUR.—In consequence of the news received at New York by the Hercules, announcing the rise in England up to 35s. per bbl. in bond, two houses in this town, bought on an order received by express, on Thursday last, 5,500 bbls. of flour, at \$6 a 6½, for good old sweet Alexandria superfine flour. The effect since has hardly been settled. The sales of yesterday give some index to it. 500 bbls. were bought up in Salem and Newburyport, in consequence of the same news. The advance may be stated at \$1. The article may run up yet. But an intelligent gentleman in London writes, that two or three days of fair weather would bring it back to the old price. 1000 bbls superfine, \$6 75, 4 months. Sold 25th inst. supposed to be equal to Alex. old sweet. Richmond city, new, superfine, 150 bbls. sold this afternoon at \$7¾ per bbl. 90 days.

NORFOLK, Nov. 7.

Bread Stuffs.—The papers from the North would almost make us believe that the speculators in flour and wheat were beside themselves.—Such a commotion—such a rage for speculation, has not been known for several years. And all depending on the opening of the British ports, which will not take place unless the average price of wheat should be 80s. per quarter of 8 bushels—and, as the nearest period for ascertaining the average price of wheat is the 15th of this month, the speculations in this country are consequently made upon a slender probability of what may hereafter turn up, of which no information can be received for seven or eight weeks to come.

Herald.

Pirates taken.—Accounts from Matanzas received at Charleston, state that the pirates fifteen in number, who committed the depredations off Matanzas, upon the brig John Smith, the schr. Milo of Bristol, and the sloop Corrector of Rhode Island have all been taken by the authorities of Matanzas assisted by the Americans then in port—one of them (a black man) hung, and the rest confined in prison, waiting a similar sentence.—*ib.*
